If you have a genuine concern for the safety or welfare of any persons on board the Vessel described above, who have not returned or checked-in in a reasonable amount of time, then follow step-by-step instructions on the **Boating Emergency Guide™** included with this plan, or on the World Wide Web at:

<http://floatplan.uscgaux.info/BoatingEmergencyGuide.htm>

BOATING EMERGENCY GUIDE™

You will need the following items before you begin: 1) the **Float Plan** if one was given to you, 2) **Pen** or **Pencil**, 3) Clean sheet of **paper** or **Writing Tablet**, and 4) you local **Telephone Directory**.

Step 1

Do you have a genuine concern for the safety or welfare of any persons on board the Vessel described above, who have not returned or checked-in in a reasonable amount of time?

If YES, then continue with **Step 2**, otherwise **STOP**, no further action is required.

Step 2

Were you given a prepared Float Plan by anyone on board the vessel?

If YES, then continue with **Step 3**, otherwise got to **Step 5**.

Step 3

On the Float Plan, locate the two Contact lines below the Itinerary at the bottom of the Float Plan. Call Contact number 1...

IF	THEN						
A person answered the phone...	Take notes during your conversation.						
	1. Let the person know you are responding to a late return or check-in by the individuals designated on the Float Plan.						
	2. Determine if the person you are talking to or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.						
	3. Are you still concerned about the safety or welfare of any persons on board the vessel?						
	<table border="1"> <thead> <tr> <th>IF</th> <th>THEN</th> </tr> </thead> <tbody> <tr> <td>Yes</td> <td>Continue with Step 4.</td> </tr> <tr> <td>No</td> <td>STOP. No further action is required.</td> </tr> </tbody> </table>	IF	THEN	Yes	Continue with Step 4 .	No	STOP . No further action is required.
IF	THEN						
Yes	Continue with Step 4 .						
No	STOP . No further action is required.						
Otherwise...	Continue with Step 4 .						

Step 4

Call telephone number for Contact number 2...

IF	THEN						
A person answered the phone...	Take notes during your conversation.						
	1. Let the person know you are responding to a late return or check-in by the individuals designated on the Float Plan.						
	2. Determine if the person you are talking to or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.						
	3. Are you still concerned about the safety or welfare of any persons on board the vessel?						
	<table border="1"> <thead> <tr> <th>IF</th> <th>THEN</th> </tr> </thead> <tbody> <tr> <td>Yes</td> <td>Continue with Step 6.</td> </tr> <tr> <td>No</td> <td>STOP. No further action is required.</td> </tr> </tbody> </table>	IF	THEN	Yes	Continue with Step 6 .	No	STOP . No further action is required.
IF	THEN						
Yes	Continue with Step 6 .						
No	STOP . No further action is required.						
Otherwise...	Continue with Step 6 .						

Step 5

Take a moment to jot down the facts you know about each item in the checklist below.

Do NOT speculate. Speculation about a detail may mislead Search And Rescue (SAR) personnel, and add to the overall search and rescue time, adversely affecting the outcome.

- Period of time the vessel has been overdue.
- Purpose of the trip or voyage.
- Description of the Vessel (type, size, color, features, etc.)
- Vessels departure point and destination.
- Places the Vessel planned to stop during transit.
- Navigation equipment on board (such as GPS, Loran C, Radar, Compass, Sounder, etc.)
- Number of people on board the Vessel, as well as personal habits e.g. dependability, reliability, etc.
- Was the Vessel already moored, or did a vehicle tow it to the launch point?
- License plate number and description of the tow vehicle, and/or passenger transport vehicle.
- Communications equipment on board, including type of radio and frequencies monitored, cellular telephone numbers of any persons on board.
- Additional points of contact along the vessels planned route.
- Where there any pending commitments e.g. work, appointments, etc.

Continue with **Step 6**.

Step 6

1. Contact your local Law Enforcement agency (Police or Sheriff).
2. Let the dispatcher know that you are responding to a late return or check-in by the persons on board the vessel.
3. The dispatcher will instruct you from here.

Note: The dispatcher will provide you with the necessary contact or agency connection (if one was not provided for you on the Float Plan) to get a Search And Rescue mission started. This is usually handled this way because it puts you closest to the agency conducting the actual search and rescue mission, eliminating an unnecessary middleman.
If the dispatcher would like a follow-up call from you on the outcome of the rescue, they will let you know.

4. Continue with **Step 7**.

Step 7

Be patient... you've done everything you can possibly do for now. It is important to stay off the telephone, so emergency personnel can contact you with additional information and/or questions concerning the search and rescue effort.
